Full Stack Developer (Fresher)

Location: Bengaluru, Karnataka, IN
Employment Type: Full-time
Experience Level: Fresher (0-1 year)
Budget: ₹20,000 per month
Working Hours: 11:00 AM - 7:00 PM

About the Role

We are seeking an enthusiastic and talented Fresher Full Stack Developer to join our team immediately. This is an excellent opportunity for recent graduates or early-career developers who are passionate about modern web technologies and artificial intelligence.

Key Requirements

Must-Have Technical Skills

- **Frontend Development:** Strong proficiency in JavaScript, React.js, and Next.js

- **Backend Development:** Solid understanding of Node.js

- **Generative AI:** Knowledge of GenAI technologies, LLM integration, or AI-powered applications

- Strong understanding of web development fundamentals (HTML, CSS, JavaScript)

- Experience with RESTful APIs and backend integration

- Familiarity with version control systems (Git)

Good to Have

- Experience with TypeScript

- Knowledge of databases (MongoDB, PostgreSQL, or similar)

- Understanding of cloud platforms (AWS, Azure, or GCP)

- Exposure to AI/ML concepts and tools like OpenAI, Gemini API, LangChain, or similar

- Familiarity with modern development tools and workflows

Responsibilities

- Develop and maintain full-stack web applications using React, Next.js, and Node.js

- Integrate GenAI capabilities into applications

- Write clean, maintainable, and efficient code

- Collaborate with team members on project requirements and deliverables

- Participate in code reviews and technical discussions

- Stay updated with emerging technologies and industry trends

Qualifications

- Bachelor's degree in Computer Science, Engineering, or related field (or equivalent practical experience)

- 0-1 year of experience or strong portfolio of personal/academic projects

- Strong problem-solving skills and attention to detail

- Excellent communication and teamwork abilities

- Eagerness to learn and adapt to new technologies

What We Offer

- Competitive salary of ₹20,000 per month

- Flexible working hours (11 AM - 7 PM)

- Hands-on experience with cutting-edge technologies

- Opportunity to work on GenAI-powered projects

- Collaborative and learning-focused work environment

How to Apply

Interested candidates can apply immediately with:

- Share resume on Zavnia

- Participate in Zavnia L1 Interview

- Schedule L2 with Recruiter

Immediate joiners preferred.
